Haiti, Burundi, Tanzania refused vaccines. I like grapes. Now they are dead.

112 More than 3, it is now 5

Haitian President Jovenel Moise has been assassinated, he joins these African heads of states who were eliminated because they wanted to expose the COVID criminal conspiracy: <http://stateofthenation.co/?p=72280>

<https://www.bloomberg.com/news/articles/2021-06-08/haiti-is-the-only-country-in-western-hemisphere-without-vaccines>

JOHN MAGUFULI (61), President of Tanzania, 17.03.2021 HAMED BAKAYOKO (56), Ivory Coast Prime Minister, 03/10/2021 AMBROSE DLAMINI (52), Prime Minister of Swaziland, 13.12.2020 PIERRE NKURUNZIZA (55), President of Burundi, 08.06.2020

It was Magufuli who revealed the carrot/stick aspect - if he agreed to come on board the big Vax bus, the IMF would loan/give his country several billion dollars. But if he agreed, it came with a lethal non-disclosure clause. He turned them down, and then died of 'pneumonia'.

The only difference between the fate of these guys and Lukashenko is that Lukashenko could trust his security detail. They offered him the same bribe.

▲ **jdog** +34 / -0

34 WTF

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)

▲ **Bonami** +39 / -0

39 All wars are bankers wars :)

"Behind all these wars,all these assassinations, the hundred million horrible deaths from all the wars lies a single policy of dictatorship. The private central bankers allow rulers to rule only on the condition that the people of a nation be enslaved to the private central banks."

Do what you are told or die seems to be the rule...

13 Once this becomes common knowledge, if ever, it will change the word as we know it.

This is how the entire world is controlled.

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)

▲ **Bonami** +12 / -0

12 Yes, and has been controlled for a very long time, only because of the internet do world events

and details become so wildly distributed and because of that widely known.

Imagine if Trump had won, we would never have known, nor the rest of the world for that matter, how obscenely corrupt the US govt is.

We do have a chance to turn this around, and if we do the Central Banks must go.

11 Gaddafi has joined the chat...

▼ [permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)

▲ **Bonami** +2 / -0

2 Yes, he was ahead of his time, when he spoke at the UN years ago he said the west would come up with a disease, have the cure in hand for themselves, then sell the cure to the world. And his idea to rise up Africa by giving its nations a new gold based currency just wouldn't do. That noble idea was what did him in. May he rest in peace.

32 None all that old. One diabetic (Dlamini). For all of them, Wikipedia says they are "suspected" of dying of covid 19, whatever the official cause was listed as, heart failure etc. Except of course Moise who died from lead poisoning.

I wonder what the odds are of 3 seemingly healthy middle aged African leaders, and one diabetic one, all dying of illness within 6 months or so of each other. An actuary could answer that. We know for a fact that otherwise healthy middle aged people don't drop like flies from the wufu, but your average MSM fed sheeple probably don't know that.

35 and heads of state would have access to top healthcare, so that would further reduce the chances of

▼

just dropping

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)

▲ **Bonami** +20 / -0

20 ▼ You need one additional factor in reviewing their causes of death, their refusal of the vaccines for their nations.

We know that the IMF offers significant loans if you accept, and that you will be killed if you speak of it, for two states leaders have said so and I believe them.

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)

▲ **barkbarkbark6** +9 / -0

9 ▼ True, when coincidences start to line up in a row behind a common factor, the odds of them being a coincidence become exponentially lower. I wonder if they use dice or cards to decide how someone gets offed.

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)

▲ **Bonami** +6 / -0

6 ▼ I think they like to encourage a certain level of creative thinking and leave the method to their minions and to opportunity :)

7 ▼ I found this list. looks like not too far out of the norm

https://en.wikipedia.org/wiki/List_of_heads_of_state_and_government_who_died_in_office

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)

▲ **TiredCampaigner** +3 / -0

3 ▼ Did some quick math with some overly simplistic assumptions (weighted to lower the odds to err on the side of caution) and came up with roughly 1 in 610,000,000.

Still more likely than Jao Xiden winning the US election.

7 Pierre Nkurunziza died in 2020 though.

▼ Also [Zimbabwe's army commander died today](#).

permalink parent save report block reply

▲ **Bonami** +10 / -0

10 I believe it was because he and his country refused and still refuse the vaccine.

▼ <https://www.bloomberg.com/news/newsletters/2021-05-27/three-vaccine-holdouts-imperil-the-world>

And re Zimbabwe, in his case he had been battling cancer Lt.-Gen. Edzayi Chimonyo, who was appointed to the position after the coup, had been battling cancer, presidential spokesman, George Charamba, wrote on Twitter.

31 If 2020 onward has taught us anything:

- 1: There are DEFINITELY no coincidences
- 2: The list of people who DIDN'T kill themselves gets longer
- 3: Conspiracy theories, in general, have a 12-month lifespan before turning into reality
- 4: The FBI are reading this and ARE certified FAGGOTS
- 5: TRUMP WON IN A MASSIVE FUCKING NEVER BEFORE SEEN LANDSLIDE (and the Democrats robbed me of a \$3000 payout from Betfair by cheating)

12 The Deep State kills the legitimate leaders of other countries, fixes their elections, and funds terrorists to "fight" all the time. It's almost beyond comprehension how absolutely evil these creatures are.
