Trailer #2

Seven years after the attacks of September the Eleventh, a global awakening has taken place, the likes of which the world has never seen. As the corporate-controlled media dwindles into extinction, a new breed of journalists and activists has emerged.

Join **Alex Jones, Luke Rudkowski** and others as they set out on a mission determined to expose the ruthless global elite, and alert the masses to the truth about 9/11.

Strap in and get ready to ride along as criminal overlords **David Rockefeller, Zbigniew Brzezinski, Bill and Hillary Clinton, Alan Greenspan, John McCain**, and many others are confronted about their lies and manipulation.

Including interviews with **Jesse Ventura, Rosie O'Donnell, George Carlin, Willie Nelson** and **Martin Sheen**, this film is unlike anything you have ever seen. the only question after viewing it is, will you become part of the Truth Rising.

The documentary provides an in-depth look at the plight of 9/11 first responders, many afflicted with serious health problems from the toxicity of Ground Zero. Truth Rising reveals and challenges the astounding arrogance and negligence of the government in regard to the heroic efforts of first responders, police, and fire-fighters. Truth Rising indicts the administration of Rudy Giuliani and that of the EPA and Christine Todd Whitman, who proclaimed the air in lower Manhattan was safe to breathe, contrary to numerous warnings to the contrary.

Rockefeller minion, trilateralist, and CFR member Zbigniew Brzezinski tells Luke Rudkowski to "Please sit down and shut up."

9/11 truth, as people throughout the world take action against their globalist masters. Shot unlike anything you have ever experienced from Alex Jones, cinema verite' style, this masterpiece not only exposes the mistreatment of our 9/11 heroes, but also shows how a growing number of people around the world are questioning the official version of events that day. Featuring interviews with Willie Nelson, Rosie O'Donnell, Jesse Ventura, George Carlin, Martin Sheen, as well as confrontations with many political figures including Bill Clinton, David Rockefeller and Arnold Schwarzenegger.

Truth Rising: An Answer to the Lies of the Global Elite: 9/11 Chronicles: Part One, Truth Rising is a testament to free speech, an endangered commodity in post September 11, 2001 America. Alex Jones' latest documentary is a vivid testament standing in complete and defiant opposition to former White House press secretary Ari Fleischer's admonishment that "nowadays you have to be careful what you say and do," as if the orchestrated events of that horrible day have nullified the Constitution

Truth Rising is a tool for 9/11 activists

The 9/11 Chronicles: Part One, Truth Rising is the first extensive documentary on the 9/11 truth movement. It serves as an ideal educational tool for those either uninformed about this growing movement or those wanting to know more. It is imperative that Truth Rising reach as many people as possible. Please purchase a copy of Truth Rising, make copies, and give them to your family, friends, and strangers on the street.

and the Bill of Rights. In Jones' latest documentary, filmed in cinéma-vérité style — an appropriate technique, as the phrase translates from the French as "cinema of truth" — we witness repeated instances of police insisting the First Amendment is a dead letter and citizens no longer have the right to speak their minds in public, especially citizens going up against the imposed political orthodoxy and Fleischer's counsel.

dark suspicion along with the likes Osama and the manufactured enemies of America.

Ari Fleischer's warning is particularly injurious when it comes to the families of 9/11 victims and first responders, the latter consistently ignored, especially by the corporate media. In Truth Rising, first responder and former Iraq war vet David Miller, who is now reduced to toting around a respirator after his exposure to the toxicity of Ground Zero, takes the corporate media to task, rightfully characterizing this corporate cabal as "propagandists," and "professional liars and tools who cannot by any stretch of the imagination be considered journalists." Miller, We Are Change, and unnumbered and mostly anonymous others have stepped forward to fill the imposed void of this deplorable corporate media silence — a deliberate suppression at the hands of their elitist taskmasters — with an indefatigable call not only for answers, but a demand that justice be delivered to the victims.

Hillary Clinton cackles when confronted about her association with the Bilderbergers.

Rudkowski confronts John McCain, demands a new 9/11 investigation.

media — in particular but hardly limited to Hearst Corporation's Popular Mechanics and its unscrupulous scheme to undermine the movement — a propagandistic media tasked with viciously mischaracterizing and slandering 9/11 truth activists as nothing short of crackpots and lunatics. Truth Rising is an answer to dismissive accusations. It documents a growing movement the corporate media refuses to cover without bias and detraction.

If you want to respond to these accusations, get 9/11 Chronicles: Part One, Truth Rising, and make copies, hand them out to your family, friends, and strangers on the street. Alex Jones, Luke Rudkowski, and many others featured in this documentary are patriots and heroes, not fruitcakes and traitors, as the corporate media insists at the behest of the government. Globalists and neocons within the government are afraid of the sort of truth so effectively presented in the 9/11 Chronicles. They are desperate to make sure the people

never know the truth.

"How dare you" respond to lies and false history and deliver the light of truth to the darkness of criminal mendacity, rebuked Bill Clinton in Truth Rising when confronted by We Are Change. How dare you respond to one of the largest and most outrageous lies of American history? Clinton's response is evidence proof positive our rulers are afraid of the truth finally finding the light of day. In Jones' film, Rockefeller minion Zbigniew Brzezinski demands truth "sit down and shut up," but it is too late now for that. Truth is on the street. It will not be silenced and 9/11 Chronicles: Part One, Truth Rising will make sure it spreads far and wide.

Bill Clinton attempts to make a joke about the "Bohemian Club."
