A Republican Cancer

On The Party

I can't stand the blather, the noise, the worthless chatter anymore. I'm aghast casual discussion over horrors, the ready dismissal.

On "X" the usual Republican insider standard bearers have theories, the tweed old white men in the pocket of special interests.

. All kinds of theories.

None of which are valid. All some fever dream of excuses meant to keep them position as Washington, DC "insider". As their puppet masters who own the n companies from which they parrot their lies feed them avenues of blame that away from the actual scene of the crime.

I really don't understand how anyone pays these worthless assholes attention at this point. Just to see someone post a clip of the disgraced Zionist asshole J Tapper in discussion with yet another lying talking head is to believe that the electorate is brain dead. Is any human being out there actually watching Jake actually watching Wolf Blitzer, and actually playing attention to Dana Bash?

Driving to the bank last evening I could see into the windows of neighbors an had Fox News "The Five" on the big screen. I actually admire this neighbor, a I wanted to knock on his door and tell him to get that shit off the screen.

The average GOP voter is brainwashed so far beyond the pale, so far gone, tha
continue to watch the same discredited “news” long after every last prediction
made about the midterm elections has been destroyed. Completely.

Apparently, in America today, you can analyze the midterm elections and com
with a laundry list of reasons for the outcome and not a single reason listed hi
mark. Not even close. Every reason a smokescreen of absolute bullshit meant t
up what really happened.

Allow me to net it out.

The Zionists, Neo Cons, and AIPAC insiders that control all of Washington, a
since long before Patrick Buchanan called Washington, DC Israeli occupied te
back in the 1980’s, have finally pushed our nation too far, and did so in such a
corrupt fashion, that the anti-war MAGA voter who just wants the inflation to
recoiled in abject horror.

And they either stayed home and didn’t vote, or went out and voted Democrat
punish the Zionists who control the Republican Party.

Mark Levin and Ben Shapiro and their ilk control the Republican Party in full
complete. In total. Have either been correct on air in the past two years? Were
anti-Trump earlier on?

The Zionist lobby forced our President to go to war, forced him to ignore his b
to continue to fund Israel, and Ukraine, one of their side slush funds, and have
so demanding that we all saw how nakedly aggressive their control.

And Just before they played their hand out on Iran, during their heinous geno
Gaza, against a people absent an army being slaughtered whole by the IDF, th
showed us a truly naked, and bold use of pure Zionist power by having three

billionaire Jews pay thirty million dollars into a Kentucky campaign to remove Thomas Massie for one singular reason. He wasn't sufficiently deferential and subservient to Israel and the Zionists.

Fact.

Three Jewish billionaires, Miriam Adelson, Paul Singer, and John Paulson, nor whom live in KY-04 district, paid up thirty million dollars to remove Patriot T Massie from office solely and singularly because he wouldn't suck Israel's dick

And the average GOP voter saw this live, in person, and raw.

And guess what?

They recoiled. In horror.

Know why they did it?

Cause they were Jewish, and the most important thing in their lives as Americ is the fact they are Jewish, and they serve Israel above all, including their host America. They place being Jewish before all things.

And we all saw, and we all now know.

Then, after "they got Massie" in a broad daylight murder of his career, we wat Miriam Adelson sent Trump 350 million to purchase a war in Iran, using Ame troops and where we didn't see the IDF in participation at all. We can die in Ir don't have to as long as they have us to do the dirty work. See "Iraq".

Did they actually think after what we'd all witnessed so clearly that we would sons and daughters to die in Iran for their cause?

Actually, yes, because if you hang around in Washington, DC with Mark Levi
Ben Shapiro and Jake Tapper, and Dana Bash, and Wolf, et., al, enough, you ca
convince yourself that Israel is the highest of all causes, and in fact the only ca
you can convince yourself that you are not alone in thinking this way.

You can put half of the pundits, and all of the mainstream media on your payr
parrot your talking points to the extent you think you've convinced the entire
back your cause. You become convinced that Thomas Massie is the outlier. Th
Marjorie Taylor Greene is but a gadfly. And that Tucker Carlson, who you use
on a short leash at Murdock controlled Fox, has lost his mind.

In fact, when you have PR firms working overtime to paint Tucker as a lunatic
time, you can become convinced that others are beginning to beleive too.

As if somehow everyone collectively is going to forget the daylight destructio
Thomas Massie.

But instead, the movement was so ham handed, so over-the-top, and so "Zioni
actions had the exact opposite reaction, we all did two things.

First, we declared we'd never vote for Republicans again, not until the AIPAC
are removed from every office.

And second, we realized who killed Charlie Kirk.

And when we began doing math, and adding up, what we were adding was a g
in Gaza, an incursion into Lebanon destroying Christian villages throughout S
Lebanon, a ridiculous and over-the-top demand we attack Iran, new settlemer
West Bank seeing Americans beaten down and robbed of their properties ther
Charlie Kirk being murdered in broad daylight with the entire organization he
founded, a Christian organization no less, becoming the college aged "B'Nai B

central, a leadership so pro Israel that everyone wondered where the “Christia

I’ve no doubt at this point after hearing the vitriol and hatred spewing from a
Levin and Ben Shapiro since losing the mid-terms that the Mossad killed Cha

I…….have……no…….doubt. None.

The proof is in the pudding. Charlie’s last words were that Israel was going to
as he refused their dollars of control. He was moving his Christian organizatic
from Israel support.

And now he is dead as self-predicted, and the organization he founded has be
pro Zionist as to make one want to puke.

That’s it. That’s all.

The average GOP voter saw their party leadership completely controlled and
corrupted by Israel and the Mossad, with the Jeffrey Epstein Affair as the whi
cream and cherry on shit, and said, “No Mas”.

Nope.

Can’t support that. Not going to endorse a new war in Iran. Not going to cont
support this madness.

And further, we all saw.

We began to realize why nothing ever gets done in America when we elect
Republicans into full control.

Zionists themselves are Democrats, they voted El Sayed into office in Michiga
plurality. They aren’t conservatives, they don’t hold conservative values, they a

involved in Republican politics to control the party.

They are all socialists at heart, ever heard of the Kibbutz?

Men like Shapiro, Levin, Netanyahu, Lutnick, Blinken, may be capitalists all, b
their heart they are bleeding ass liberals, how else do you think Mamdani win
Jewish controlled New York?

They know the base of the Republican Party is against all their real ideals, whi
why they've either paid or gained blackmail control over the Republican Party
can't have real conservative values win out, those are antithetical to their com
beliefs.

Look up the "Blacklist", look at the names, every one a Zionist, and yet every o
Communist. Look up the names of the early Communist radicals, the leadersh
1930's, all Jewish.

These ideas being floated that "Trump didn't address inflation fast enough", "
wasn't as responsive on gas prices as he should have been", "Trump wasn't dep
people fast enough for the base".

All bullshit.

The base of the Republican Party, the average American, the average Joe, watc
Jewish billionaires in control over our politics exercised their power and what
saw sickened us to our very core.

Thomas Massie indeed.

Iran War indeed.

Gaza genocide indeed. Under our weaponry. Making us all complicit.

We have all had enough. enough. More than enough.

The Republican Party can either stay in the hands of the Neo Cons and contin
lose big, and recede into obscurity.

Or, the base can seize control, remove every last Zionist, destroy AIPAC, and r
again.

We just saw the results of choice number one. Me, and those like me will sit h
our hands election Tuesday and watch as they get shellacked.

The Massie Massacre made a bunch of one issue voters. Me included.

As long as Neo Cons and Zionists, one and the same really, have control over t
Republican Party, we are gone, gone, gone.

Don't let the mainstream gaslight, don't let these online pundits smokescreen.

Zionist control over Trump, and the Party are singularly and solely responsibl
midterm losses.

We either rid the nation of this cancer, or watch as Democrats reign supreme
foreseeable future.
