Sir, I have no knowledge regarding CK's background. From little I know, he seemed earnest; and it seemed that his involvement in engaging the college woke on their own turf was a threat to the establishment. BUT, how in the F could an actual awake legitimate threat to the status quo carry such baggage as a trainwreck of a wife, and head a large organization like T funded so heavily by zionist interests? Some frauds do h to Jesus moments and are disposed of as a consequence have their deaths faked and the fraud continues. My obs with conspiracies spanned from OKC and 9/1 to Sandy B Pizzagate, and pretty much petered out after that. As BF once said, an education is what remains after you forget you have learned. In this case, in terms of pattern recognition seeing things that don't fit, I smell a rat in the State's presentation of the "facts" of the case. I believe I am being lied to. I am disagreeing with anything you have said. I don't know how many layers of fraud are at work here. Godspeed.

Sir; The backgrounds of all state actor, transies are scripted narratives by their handlers. This holds for level celebrities and entertainers, and politics is part and parcel of the System's entertainment industry right music, comedy, movies, and TV (Talmud-Vision). With the hormone injections, drugs, and surgeries they use on children of bloodline and secret society families early gender reversal, they still cannot change anatomical structure. Any competent doctor, anthropologist, or archeologist can look at a human skeleton regardless of age and tell you instantly if it belonged to a male or female. Under close scrutiny, "Charlie Kirk" has a female skeleton. "wife", Erik, has a male one. There it is. Be well.

And, while you are at it, please explain all the other discrepancies between the BS with Covid, 9-11, JFK and RFK murders, the USS Liberty, and all the other government narratives, the facts don't support the BS we are fed.

I do not buy the government BS in this case Ng. For pers
learned about how the government works, how it deceive
experience in the US Army in the 60s and 70s. Then whe
Ellsberg stole and released The Pentagon Papers in 1973
suspicions and theories about that deception were valid

So I've lived my entire life being very skeptical of any stc
government and its media tells me. Skepticism has been
countless times. I make a habit of not believing the claim
known liars.

Because I do not believe the claims of known liars, I do n
MSM except for sporting events. I did not see Charlie's
assassination on television. I read about it first and then
studied it many times by way of other video sources. To
do not positively know that was Charlie, but the prepond
facts and evidence since the event support the idea that
him.

You don't buy government BS generally, but in this case so happens that the government narrative coincides with what you believe, I repeat: believe, to be a fact that you have been able to verify indisputable fact because all you have to go by is video footage. Ever heard of AI and how they produce any video footage and do with it what they want. Yet you tell me I live under a rock. 🤔 Yeah sure, but it's good to hear you don't live under a rock but don't let the wool pulled over your eyes. 🤔

I'm beginning to think Ngu might be a bot who doesn't quite understand English.

I do NOT buy the government narrative on this. The government says Robinson shot Kirk. That Kirk did not die from a 30-06 round.

LIKE

REPLY (1)

Ngungu Ngungu 6h

Don't think, Richard, it's above your pay grade. Understanding basic English is YOUR problem. Stop projecting and deflecting.

Our discussion was about your claim that he is dead, NOT who killed him nor even whether he died from a 30-06 round. No, our discussion has been about whether he is dead or not, and you claim to have seen the body, not because you were there only because you saw some video footage that convinced you.

And that video footage happens to coincide with the government narrative that he is dead.

So, to claim you don't buy government BS is to state you agree with the narrative he is dead, the basis of what may well be doctored footage. It's odd, to put it mildly, particularly because it strikes you that you are contradicting yourself.

So, dear Richard, I rest my case, but do have your word if that'll make you feel better. So long.

This case is the biggest pile of garbage I've ever seen. I am a long time watcher of Megyn Kelly experienced lawyer, and her acting job a few days ago was the end of her run for me. This same Megyn Kelly that insinuated publicly that date rape if you have been drinking (involving Hegseth or some other notable person) was garbage. So if she can call out that just as a how on earth can she defend this pile of garbage of a case on the facts? So the evidence on the parking garage surveillance. The officer with the accent referred to all images, even a speck of a human from yards away on a roof, as "Tyler Robinson". No one was allegedly or possibly paid. Question: when you commit the crime of the century, you drive to the scene of the crime in your own car, walk past multiple surveillance cameras (and why are you wearing sunglasses in the parking garage? Oh yeah! because it's not Robinson!) take the one hit wonder of a shot at the scene of your rifle behind in a field. Um, why didn't you just put it back in your apartment? No one would find it right? You had all day and all night to return home. Clean up. Change clothes. Flamingo parking garage. Didn't Bill Ackman put up a million dollars for a reward that Robinson's father could claim? I'm not going to bother looking on the internet for it. It's wiped or buried. Robinson is innocent. He did something. This is a paid gig on a crappy case that will not be proven beyond reasonable doubt. Just my opinion

I can't read anything about this latest, obviously hoakum, psyop. Robinson is so obviously CIA Patsy/ mind controlled bot. I mean, US citizens are as disposable as drones to the military government - of course used as killing machines! What else is there?!! It's obvious the freeloader "Lance Twiggs," was a CIA asset/ the handler of Tyler, like Jewish-NATO bot, Erika Kirk, whoever she really is/was is handler. Was Tyler Robinson even "gay" before Epstein's club? NATO or the German military or the British military got him "groomed"? That's something I don't know. Thanks for going where others fear.

Nice summary. I suspect we'll never find out the truth. If it couldn't be done for a JFK, RFI twice for Trump, I'm sure Charlie won't be resting in peace.

While yet another great article, it's really a shame that Don still has to write about the lies and deceptions that obviously still work 60+ years after the Kennedy assassination, no need to see the blueprint much.....

I'm repeatedly amazed - and disgusted - at how this so-called "justice" system, and all the controlled operatives, can lie through their teeth and not give a damn. I'm well aware they do what they are told to do, in a kleptocracy that disguises as a legit "democracy" but the blatant disregard for common sense sure is astonishing.....Well, if you've learned to get away with it literally - murder and not having to face any consequences it gets to your head, I guess.

As "covid" has shown, the majority still largely buys that shit and those who get it don't seem to matter. It's so shamelessly in-your-face by now, it's really hard to take.....

Btw, "that investigators used an Israeli company, Cellebrite" - why, was "Celebrate" too close for comfort?

Thanks for writing this. Very interesting. I've believed all along this was an FBI sting opera. Twigg is likely an informant who set it up. Mossad runs black ops through FBI and/or pig on FBI sting ops. OKC Bombing to this. And well before.

Anyone with a 3-digit IQ can figure out exactly what's going on here. This is a textbook Zionist assassination / false flag / genocide playbook example if there ever was one (which are not the last 60+ years). I've seen it all going back to JFK, RFK, MLK, Malcolm X, USS Liberty, too many more to mention right now.

It's obvious Tyler was the patsy this time. There's always a patsy. And the perps will do what they need to to not get exposed. I happen to think this is the end for Israel. They have got to live with the world for the last 80 years.

I believe John 8:32 and believe we will know the truth and it will set us free. It's over for the Khazarian Zionist mafia headquartered in Tel Aviv and Washington D.C. I know.... I know... guilty as all getout and still got mostly away with it (except the civil suit that he never paid). But the climate is changing. Israel doesn't believe in the end good prevails over evil. And evil as it gets. Let's get to the truth and watch the world change back to a better life with Truth, Freedom, Hope and Abundance.

Get ready for a repeat of the Warren Commission. When are people going to wake up and that in the United States speaking out against Israel is a death sentence if you have any s political clout.

Personally, I liked Charlie's spin on things. When he realized what was really going on and to speak out he was eliminated just like the Kennedys. Such a stinking pit of corruption ar evil.

Has Tyler Robinson confessed to the shooting? - Well if he did you would think his lawyer working on a plea deal to have him publicly confess and explain how he committed the crime in exchange for a life sentence, rather than the death penalty. You would think they would all be taking that approach if he had not confessed, but the evidence is overwhelmingly convincing. It seems likely a jury that will deliver a guilty verdict will also likely be inclined to vote for the death penalty. I'm not watching any of this and have no plans to. But it is amazing how this circus seems to be timed perfectly with the midterms (picking up again in September).

It's disheartening to realize that we've been "had" again. The media, the government, the truth-seeking pod-people, even Trump & Son, plus the usual suspects. I'm hoping it's paid game, but hope and prayer is the shaky foundation of all religions. Galvanized I am not. Cut out of this one my fellow CT people. I've run out of "Hope and Change." However...if I had shouldn't but...I would say it was an officially approved FF gone bad. Kirk was supposed to theatrically "die" but the squib blew the crucifix into his neck and he bled out...what a normal society would call "an accident." Sorry Charlie.
